SEAL® 62 Ultra Series

L a m i n a t o r

The SEAL 62 Ultra Plus Series provides the following features:

Optimum performance
- Maximum nip opening of 1/2" for processing of most popular substrates
- Foot control for hands-free operation and precise media/substrate feed
- 61" (1550 mm) working width covers majority of the inkjet market

Ease of use
- Automated take-up for removing release liners
- Simple touch pad control panel
- Quick reference guide on board for applications
- Adjustable speed dial for user control of settings
- One control knob for 8 nip settings from 0 to 1/2"
- Easy to clean silicon rollers prevent sticking of materials
- Auto-grip shafts for easy loading of materials and removal of release liners
- Robust castors for easy mobility of machine

Safety
- Safety system with emergency stops
- CE/ETL/CSA certified
- Anti-tip bars for increased stability

The SEAL® 62 Ultra Plus Series is the ultimate range of easy to use roller laminators. Low-priced yet fully functional, the 62 Ultra Plus, 62 Ultra S Plus or 62 Ultra C Plus are an ideal match for your wide-format printer when high quality, professional graphics are required.

Capable of mounting, laminating and encapsulating prints up to 61" (1550 mm), the SEAL Ultra Plus Series provides a cost-effective finishing solution for both inkjet and photographic media. With easy to use controls, simplified material loading, and our newest feature of an automated take-up for removing release liners, these feature packed laminators will process the most popular substrates up to 61" wide.

The 62 Ultra Plus Series focus on simplicity and affordability and are great for businesses wanting to expand the applications offered to their customers or those wishing to complement existing lamination facilities. With its new sleek, attractive design, a SEAL 62 Ultra Plus rolls anywhere it is needed, or stores neatly out of the way.

The 62 Ultra Plus Series provides a single-heated, dual-heated and cold model, all ideal for producing a wide variety of quality applications.

The SEAL 62 Ultra Plus Series are ideal for producing a wide variety of applications:
