

INTELLIGENT SYSTEM

# IS 400

VOLUME

INTELLIGENT SYSTEM  
**IS400**  
 VOLUME

- 12 x 8 in engraving area with a maximum 12 in spindle clearance
- Complete access to the object to be engraved
- Motorized clamping system which allows switching engraving on flat materials straight to cylindrical objects without changing parameter settings
- Adjustable rotation speed from 11,00 to 20,000 rpm for machining of various materials
- Direct current spindle motor is very powerful but quiet
- A complete ranges of spindles, clamping accessories and tools to suit every engraving need
- GravoStyle software provides for the ultimate efficiency and productivity from the IS400 Volume
- Processing times are optimized thanks to enhanced electronics

ACCESSORIES:

- vacuum table • collet spindle
- large cone kit • pen attachment
- t-slot table • machine stand

IDEAL FOR:

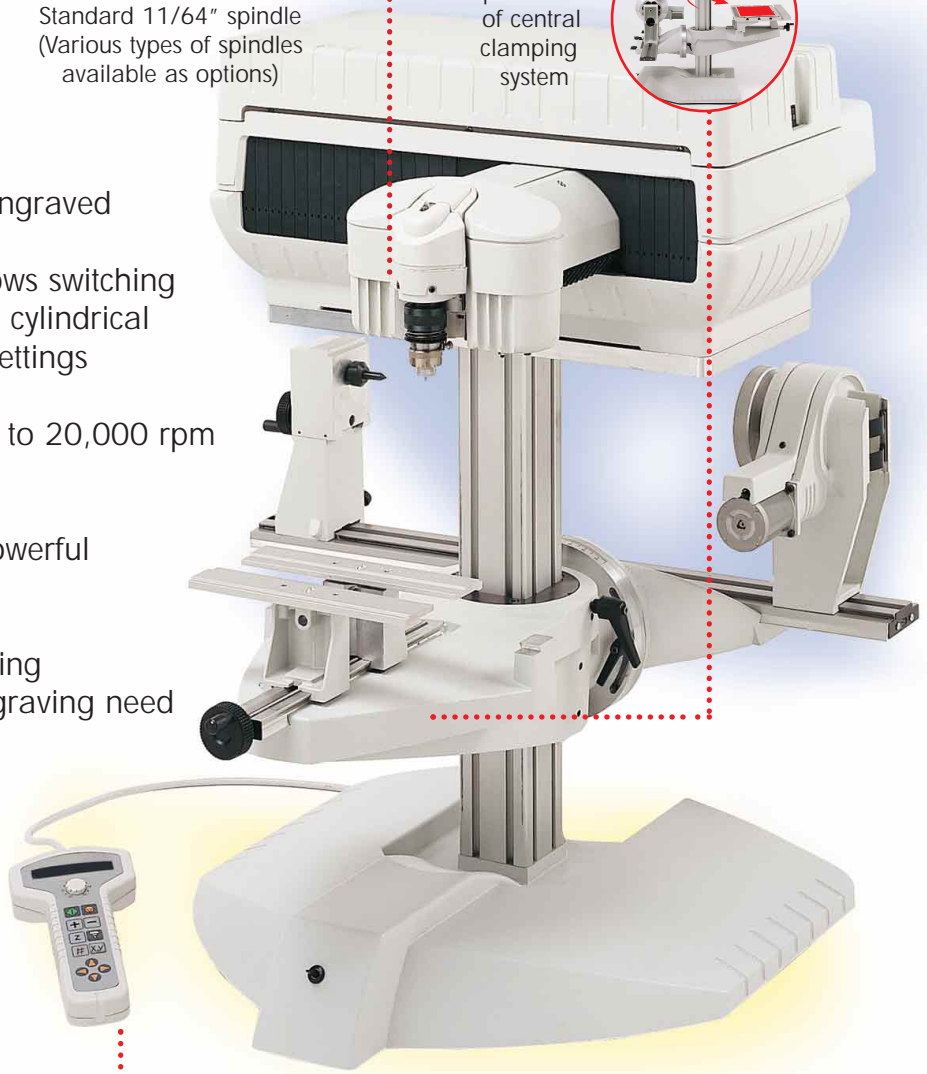

- picture frames • corporate awards
- jewelry boxes • plaques • platters
- wine buckets • signage • industrial part marking

Standard 1 1/64" spindle  
 (Various types of spindles available as options)

Multiple positions of central clamping system

Remote control for various engraving functions

• **Machine dimensions**  
 35.4 x 24.2 x 33 in

• **Weight**  
 198 lbs

• **Cylindrical attachment**  
 Max dia: 13.78 in  
 Max length: 19.69 in  
 Max object weight: 44 lbs

**GRAVOGRAPH**  
 NEW HERMES
